This Spring Salt River Cattle Will Go to Kansas City Market.

Phoenix, Ariz., Feb. 25.—Heavy movements of livestock from the Sult river valley to Kansas City are expected in May and June of this year. Kansas City dealers, in fact, are looking to this section to relieve the shortage of fat stock that always exists in those months.

During a visit to the valley, W. H. Weeks, assistant general manager of the Kansas City Stock Yards company, drew the attention of stock dealers to the fact that the prices of cattle always rise about May 1 and continue high till about July 1, He explained that the corn-fest cattle of the central states unsally marketed by the first of May and the grass-fed cattle do not legin to come in till two months later.

Rave Been Geing West.

In the Salt river valley there is always plenty of alfalfa pasture and hay in the spring. As many cattle are marketed at that season as any other many after months ago that the feeders of the section paid any attention to the Kansas City market, and only a few months ago that the feeders of this section paid any attention to the Kansas City market, and only a few shipments have been made to that place.

Mr. Weeks is exerting every effort to linduce the feeders to ship more cattle to Kansas City, especially in the months when fat cattle are scarce. He has written I. T. Sparks, traveling freight agent of the Arisona Eastern failroad, suggesting that a weekly stock train be despiached from Phoenix to Kansas City. Such a train will be put on, according to Swarks, as soon as the traffic warrants.

FIFTY HEAD OF CATTLE

### FIFTY HEAD OF CATTLE DRIVEN OFF BY MEXICANS

Sierra Bianca, Texas, Feb. 23.—Pifty head of cattle of the White herd, which were grazing on the Mexican side of the river, were driven off by Carnaza soldiers, according to information reaching here. Dr. White has made a protest to the Carranza officials and expects to secure the return of the cattle.

More Than \$20,000 Worth of Hogs Shipped From Hereford.

Hereford, Texas, Feb. 29.—Registered Hereford bulls, in lots of 44, are selling for an average price of \$415 each in the Hereford district. Jewell & Jewell, have shipped two car loads of young bulls to Bovins, Damesa and Marshall at the price given, which is considered an unusually good one for one and two year old bulls.

Ship \$20,000 Worth of Here

an unusually good one for one and two year old bulls.

Skip \$20,000 Worth of Hogs.

Within the past 40 days 12 carloads of fat hogs have been shipped from this section to market. The average weight per head was 727 pounds and they sold for an average price of \$7.60 per hundred pounds. The cars averaged about \$6 head and the 960 hogs brought approximately \$20,000.

Local cattlemen say this district is better stocked with cattle now than at any other time in its history. Owing to the extremely mild weather stock of all kinds have gone through the winter in fine shape and are now in sxeellent condition. The great abundance and chespiess of feed has caused the stockmen to feed extra heavy and the stockmen to feed extra heavy and the result of fat and healthy cattle is evident on every hand.

# CATTLE RANCH ON CANAL

Panama, Feb. 29.—The establishment of a large cattle ranch has been decided by the Supply department of the Panama canal and contracts has been let for the clearing of 4000 acres of land in the vicinity of New Culchra on the line of the Panama railroad. When the land has been cleared of the rather beary jungle growth it will be seeded in guinea grass which furnishes excellent grazing for cattle.

The ranch will be used for fattening cattle that have been purchased in Colombia and Conta Rica for the Supply department. These animals usually are not proposity fattened when they arrive on the istinguished who they are not proposed to purchase a herd of 10,000 cattle which will be fattened on the ranch. As these are consumed the department plans to huy at the rate of 1000 head a month.

### PLAINS COUNTRY CATTLE AND RANGE IN GOOD SHAPE

Amarillo, Texas, Peb. 25.—Cattle and range conditions in the Plains country are said by cattlemen to be excellent. There is an abundance of grass and water is plentiful. The winter has been one of the best for cartle and the range that cattlemen can remember. There has been little very hard weather and the pastures are uniformly good.

Cattlemen in the Amarillo country are optimistic, although the prices and demand for cattle have not been as good as had been expected.

a girl, but he promptly discarded her and qualified as a perpetual cellbate under the will, saying in effect: "I love my sweetheart, but, oh, you plunks!"

The young man's decision was a sordid but perhaps natural one. Fifty thousand dollars and a California ranch—the amount of the legacy—would look mighty good to most impecunious youths. Besides which a man might well argue that a wife is an expensive luxury anyhow, so in accepting the conditions of the bequest he would save money both ways—coming and going.

# SHIPBUILDING ON LAKES

SHIPBUILDING ON LAKES
Chicago, III. Feb. 29.—The shipbuilding industry on the Great Lakes,
after lying dormant more or less for
half a decade, is enloying a revival
of prosperity, according to reports
from shipyards at and near Cleveland,
O. Detroit, Mich., Toledo, O., Duluth,
Minn., Buffalo, N. Y., Chicago and
smaller Great Lake ports.

The opening of the Fanama canal,
the activities of submarines and the
healthy increase in exports are considered the immediate causes of the
shiphuilding boom. The claim is made,
without denial from the builders, that
old ships and vessels now under construction are bringing better prices
than in many years.

This boom will bring millions of
dollars of business to the dozen or
no of shipbuilding companies, has crented new work for hundreds of men
and already has caused the rebuilding
of old yards and the planning of several new ones.

The demand is strong for both lake
and ocean yessels and only the inability of the builders to give ansurance of delivery of the ships by 1917
stands in the way of even heavier orders. Foreign interests are prominent
among the buyers.

The tremendous amount of shipping
that has gone to the bottom in the
war sone, together with the fact that
many of the shipyards in England
has been turned over almost exclusiveity to ships of war, has forced foreign
buyers are ready to pick up any ship
for sale on the seaboard.

NOT AN EVIL SAYS CONSUL

San Francisco, Calif., Feb. 29.—A gradual increase in the number of dapanese "picture brides" entering the United States through the port of San Francisco is shown in statistics complied by the bureau of vital statistics of the atate board of health, and made public today by George D.
